MARIANITE 1969

St. Mary's High School
Waverly, Minnesota

Today something is happening to the
whole structure of human consciousness
A fresh kind of life is starting.
Chardin

Time
The essence of our lives
The substance
And yet...
The very executioner of this precious life.

And as the stopwatch sounds
Is the running of our lives keyed to merely meeting it?
Or perhaps to beating it?
Or possibly to bypassing or even running from it?
Is it absolutely impossible to run where the brave won't?

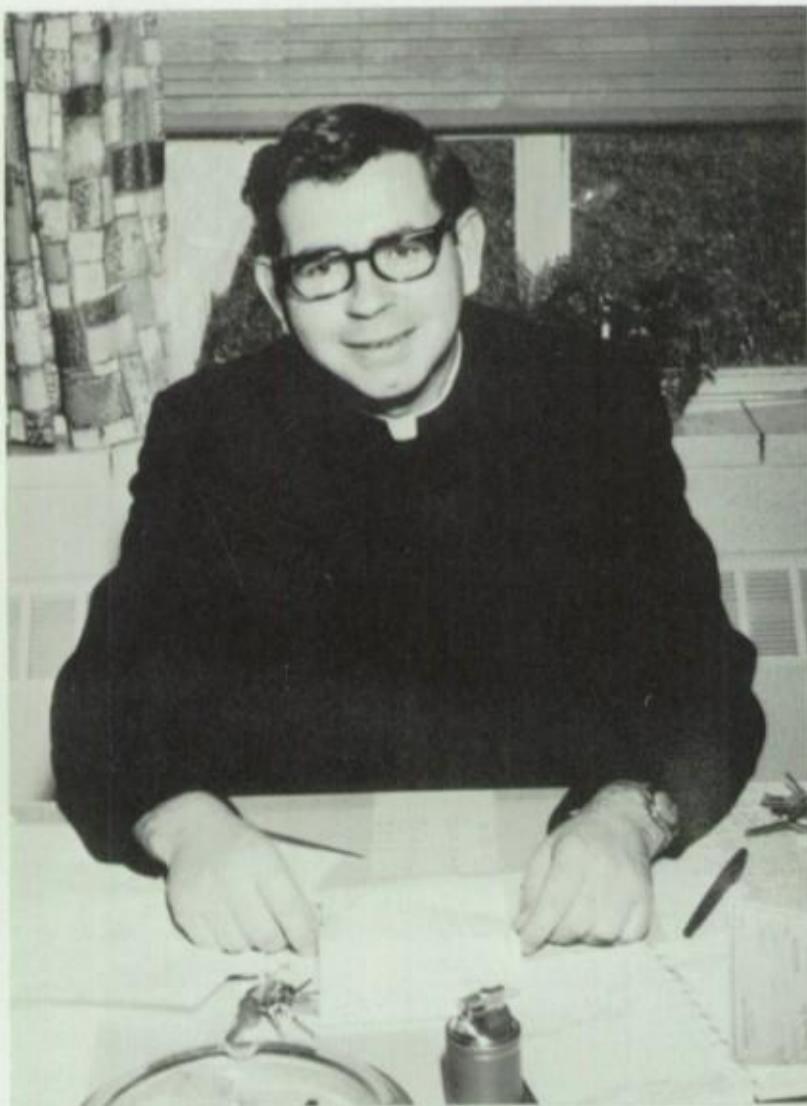

Welcome time, discover life--turn
To everything there is a season
A time for birth
A time for death
A time for planting
And a time for uprooting
What has been.
A time for searching
Losses
And gains
A time to gather them up
And embrace.
And a time to refrain
From embracing.
A time to lead
In song
The people
For the people
Laboring in time.
Up with people!
A time to show loyalty
To your community
To its favorite son
A campaign
To a school
Though now these may pass
No time.
There is...
A time for change.
Traditions in revolution
Time newly evaluated
Accept time
Acknowledge it
And celebrate
I swear it's not too late.
But why is there time
For killing
For hating
For knocking down...
What has been built up
For war
So much time wasted
When needed so desperately
For laughter
For love
For building up...
What has been knocked down
For peace
Let us pray
For the knowledge
To recognize
Right and wrong
Times
Not only for status
Involving the "properness"
But in all practicality
For justice
For time.

Open your eyes
Let time let you see
Do not slight
Gifts of time
And if there be an obstacle
Keeping you from your share of time
Perhaps there is simply not enough time for you
Or perhaps you are not quick enough
For time flies
And is busy healing all wounds.
Time will end
And there will be no time
Nothing
They say
But perhaps a new species
Of time
Will evolve
Could it possibly be anything
But a time for everything?

There is ...
A time to be kept alert
And on your toes
To learn through mere example
And witness with respect

St. Mary's High School Presents

THE IMPOSSIBLE DREAM

The annual Glee Club Christmas Program

December 23, 1968

At Christmas time, men's minds naturally turn to a hope for peace on earth. At this Christmas of 1968, peace truly seems like an Impossible Dream. But the way to start accomplishing peace on earth is to first have peace within.

Part of the Impossible Dream is making a time and place for people so that they have someplace and sometime together, a time to learn, a time to forgive, a time to care.

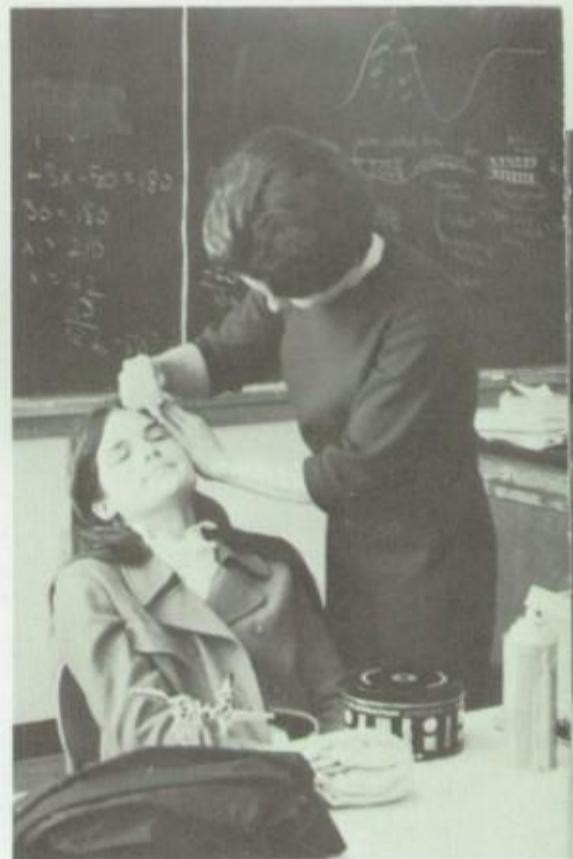

CREATIVITY WEEK

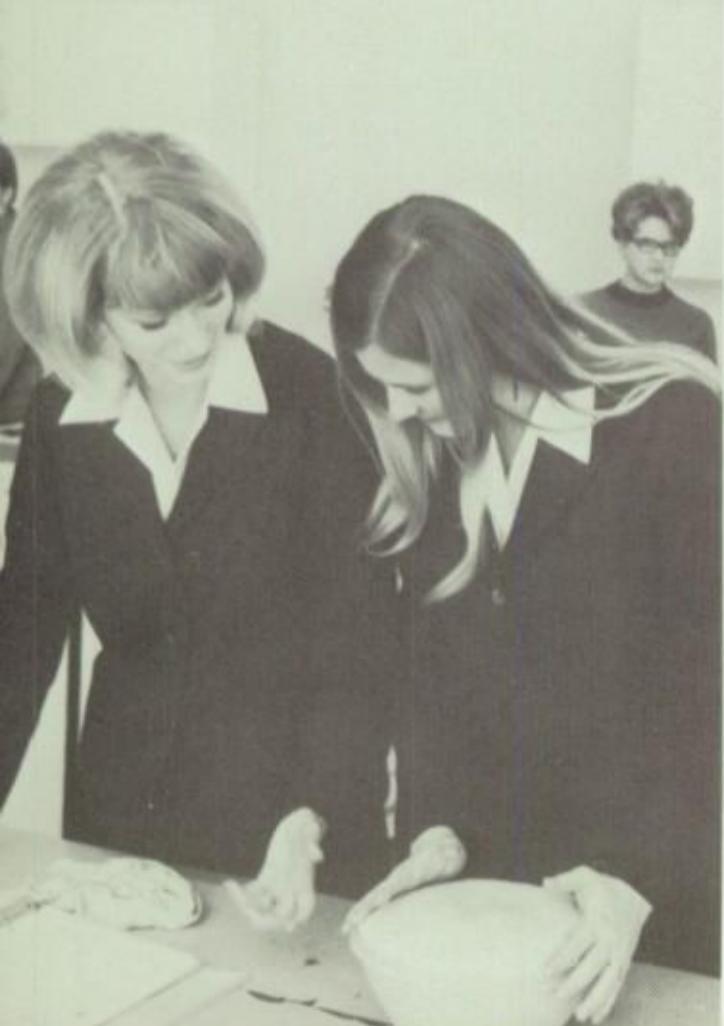

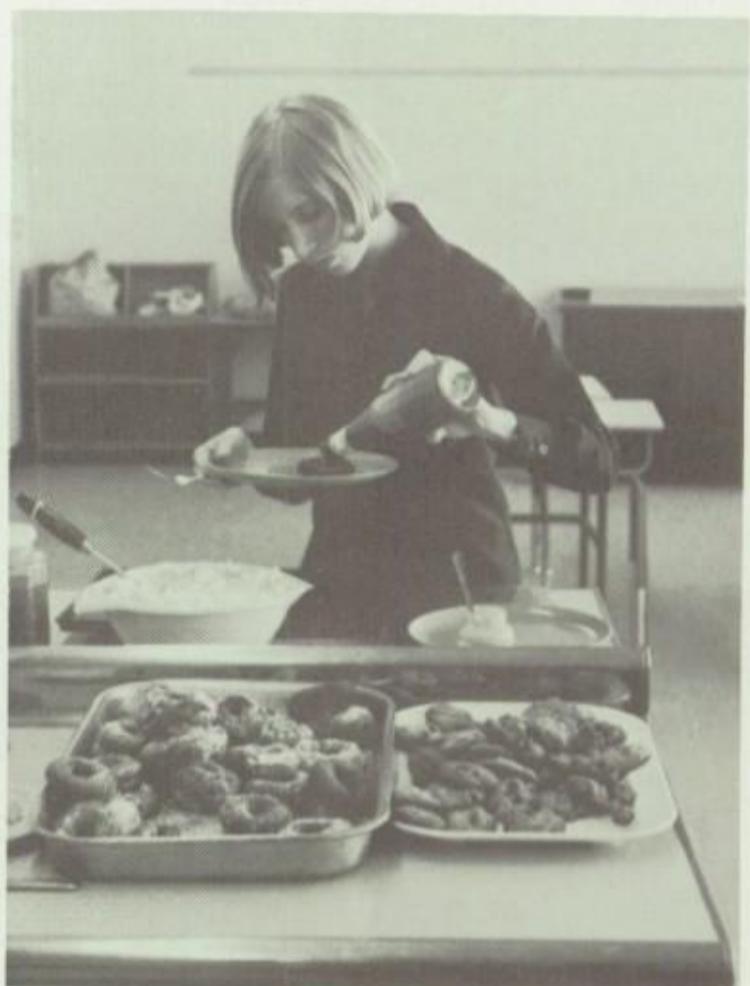

A time for real creativity
discovery
A time to see with all your might

If a project is termed successful by length of time spent on it or by its completeness, then Creativity Week at St. Mary's can be considered a failure; for bad weather and icy roads played havoc with original plans. But if success is measured by interest, enthusiasm and genuine response, then the three-day week was a smashing success.

Ask almost anyone of the high school students and he will say: "It was the best week of the year," or "I hope we can have it again." And certainly some of the results can be measured: the delightful production of *South Pacific*; the creative art bulletin board and displays; the mimeographed newspaper, "The Local Squeal"; and not at all least the delicious doughnuts, chocolate chip cookies and cherry pies.

Among the most popular classes were those which provided the greatest contrast to the regular curriculum: trampoline, bridge, mobile construction, sewing and cooking. But, because students elected courses in their own interest fields, art, drama, and journalism courses also drew enthusiastic response.

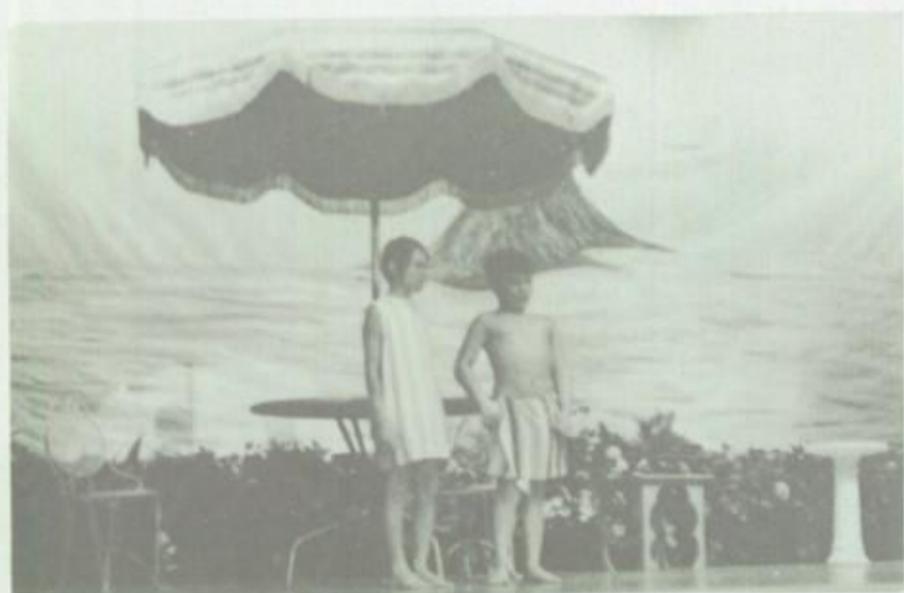

St. Mary's High School Presents

SOUTH PACIFIC

By Richard Rodgers and
Oscar Hammerstein II

Creativity Week at St. Mary's High School was held the week of January 20, 1969. One of the subjects that students could elect to take was the birth of a musical. Their efforts were seen in four performances, January 25-26 and February 1-2, of Rodgers and Hammerstein's most successful production "South Pacific."

The entire production was prepared during Creativity Week and the week previous. Students built and painted the sets, made the costumes, and set the lights.

Carol Kutz as Nellie showed a wonderful voice and warm personality. She was particularly outstanding in "Cockeyed Optimist" and "I'm Gonna Wash That Man Right Out of My Hair." Randy DesMarais as Emile has a fine, strong voice which showed very well in the show's greatest hit "Some Enchanted Evening." Some of the finest acting of the evening performances was Pat Gilmer's humorous yet deep portrayal of Bloody Mary. Her "Bali Ha'i" was certainly a highlight of the show. John Kutz as Billis drew some of the biggest laughs of the show; his dance in "Honey Bun" was most enthusiastically received by the audience. James Snook and Stephanie Peterson made an attractive couple as the young lovers, Cable and Liat. Cathy Pususta showed a very nice voice in a solo reprise of "Bali Ha'i." The choruses of Seabees, Tonkinese girls and nurses were strong and vigorous.

Reverend Robert Cassidy and Sister Mary Rogers, assisted by Mr. Robert G. Farley, costume and makeup Supervisor, produced and directed four extremely enjoyable evenings of entertainment.

We found a time to sing
dance
talk happy
A time to use time well.

A time for searching
Losses
And gains
A time to gather
them up
And embrace.

Mike Ogle, All Conference, showed that he was capable of more than shooting and rebounding. His maturity and unselfishness, which at first proved extremely difficult, was invaluable in the latter half of the season.

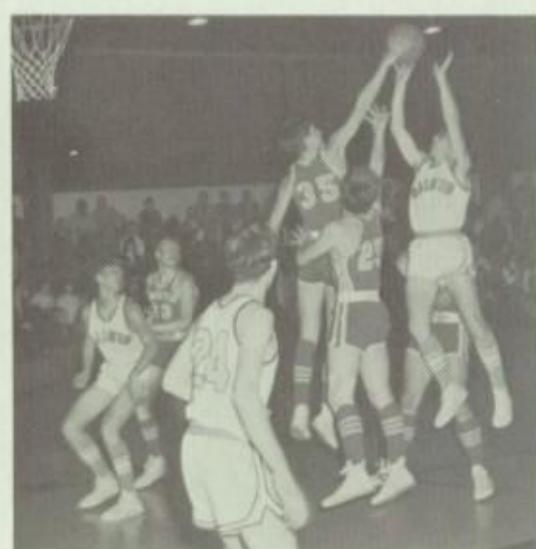

After an 0-21 season last year, our diligent boys ended up an honorable 7-7 in conference play. That's truly a mark of progress, hard work, and the desire to win.

BASKETBALL A SQUAD-- Standing L. to R. M. Ogle, D. Borrell, S. Moll, P. Marketon, E. Scherman, A. Painschab, Coach David Setnicker. Front L. to R. J. Snook, D. Chalupsky, J. Kutz, L. Gagnon, M. Reinert, and K. Reinert.

Reflecting upon the basketball season, I would have to say that the Saints began to jell after the Blake game during the Winsted Tournament. The boys finally realized that a well organized machine was much more feasible than five individuals. Inspite of the fact that we lost more games after this, we lost them as a team. It was most rewarding to see the boys happy with the rapid progress being made in the later games. --Coach Setnicker

BASKETBALL B SQUAD-- Standing L. to R. Coach Duane Janikula, J. Cafferty, A. Painschab, P. Marketon, D. Antil, E. Scherman, M. Reinert. Front L. to R. P. Kittock, G. Lammers, E. Kadlec, and G. Pususta.

Is it absolutely impossible to run where the brave won't?

HOMECOMING '69

Homecoming '69 can be compared with no other--due not only to the simple fact that it was the first and last, but to its overall success.

Festivities began Thursday evening, February 13th with the Homecoming Pep Rally. Father Cassidy, Caoch Setnicker, and Coach Janikula helped bring out enthusiasm and school pride in the students through their comments on the year and the upcoming Homecoming game. The rally was followed by a girls' basketball game, in which the Freshmen and Sophomore girls baffled the Juniors and Seniors--the score of 16 to 12 decisively won the Homecoming '69 Girl Champs trophy for the underclassmen.

And as the buttons demanded, the Trojans of Mankato Immanuel were certainly tricked. The final score, 86-43, proclaimed the Saints' Homecoming victory.

Coronation followed the game almost immediately. Queen candidates included two Juniors, Pat Etzel and Pat Gilmer, and a Senior, Pat Antil. Pat Antil was chosen Homecoming Queen from a student vote. The additional royalty was comprised of one attendant for each of the four classes. Colleen Gagnon, Lu Ann Perra, Nancy Painschab, and Nancy Salonek were chosen by their classes and were involved in the Coronation ceremony. The Queen and her royalty danced the first dance to the music provided by the "The Quiet Breed".

The dance, but hardly the spirit of Homecoming ended at midnight.
